Subject: Regulatory Compliance Statements

RoHS Compliant: The RoHS-3 Directive, EU 2015/863, regarding the “use of certain hazardous substances in electrical and electronic equipment” does not apply to products produced by Omega Optical, Inc.

The processes at Omega Optical do not utilize Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls, Polybrominated Diphenyl Ethers, Bis phthalate, Benzyl butyl phthalate, Dibutyl phthalate or Diisobutyl phthalate in any amounts in our products, or the storage or transport of our products .

Conflict Mineral Compliant: At Omega Optical, we support ending the human rights violations in the mining of certain minerals from a location known as the “Conflict Region”, located in the eastern portion of the Democratic Republic of the Congo and surrounding countries. The U.S. Securities and Exchange Commission (SEC) has adopted requirements to implement reporting and disclosure related to the use of “Conflict Minerals” in accordance with Dodd-Frank Reform and the Consumer Protection Act of 2010. Manufacturing companies who file certain reports with the SEC are required to disclose whether the products they manufacture contain “conflict minerals” that are necessary to the form, fit or function of their products.

Omega Optical commits to the following:

- We will support the objectives of the U. S. legislation on the supply of these minerals.
- We will not knowingly procure these specified minerals from origins in the conflict region unless they are certified as “conflict free”.
- We will require our suppliers to perform due diligence within their supply chains to insure that these specified minerals are procured from outside the conflict region and/or are certified as “conflict free”. This requirement will include certifications to Omega Optical that certify these specific minerals as “conflict free”.

Reach/EU/Prop 65 Compliant : This is to assure that all parts made from Omega Optical, Inc. meet the requirements of the latest REACH Substances of Very High Concern (SVHC) per European Union (EU) Regulation 1907/2006 as last updated on January 16, 2018. All parts from Omega Optical are also fully in compliance with EU RoHS 3 (EU 2015/863) with no exemptions and California Proposition 65 regulations.

TSE/BSE Compliant: All Omega Optical, Inc. products are manufactured wholly from synthetic or manufactured materials and do not contain any raw materials produced from, or substances derived of animal origin. Moreover these products are not derived from specific-risk materials as defined in European Commission Decision 97/534/EC.

The manufacturing process does not use any ingredient of animal origin nor do our products come in contact with animal products during storage and transportation.

We further declare that our products are dioxin free.

All products produced by Omega Optical, Inc. are free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE).
